**GoldSwaen©Aroma**

**Usage:**  
GoldSwaen©Aroma is used for up to 15% of the grist for dark beers, such as Amber, Ale, Dark Ale, Stout or Porter.

**Description:**  
GoldSwaen©Aroma intensifies the beer’s body and its smoothness, promotes head formation and retention. Caramel malts are produced in several colour stages. They make a considerable contribution to the palate fullness and body, intensification of the malt aroma, the full taste and colour and better head retention.  
By the special production procedure GoldSwaen©Aroma has a dark-reddish shine and a typical aroma which serves to intensify and stabilise the flavour. Provides a rich malt aroma and flavour to Amber and dark Lager beers. Compared to other traditional coloured malts, GoldSwaen©Aroma is a real spice for your beer.

**Results:**  
Gives fuller body, mild notes of nuts, caramel, and fruits. Improved malt aroma, deep saturated red colour.

**Rate:**  
Up to 10%.

**ITEM PACKAGING**  
25kg bags, 50kg bags, bulk, bulk in liner bag in container.

**STORAGE AND SHELF LIFE**  
Store in a temperate, low humidity, pest free environment at temperatures of < 40 °C. Improperly stored malts are prone to loss of freshness and flavour. Preground Malts best when used within 6 months from date of manufacture. Whole Kernel Roasted Malts may begin experiencing a slight flavour loss after 18 months.

All our malts are manufactured in strict conformity with the internationally accepted requirements HACCP (Hazard Analysis of Critical Control Points). All our malts conform to EU and International regulations regarding the maximum allowable residues of pesticides, herbicides, fungicides, insecticides, as well as traces of mycotoxins and nitrosamines. All our malts are transported only by GMP-certified transporters.
