TYPICAL ANALYSIS

Raw material: Barley

Product: Kilned Malt

Usage:

Pilsner, Lager, Ale, Kölsch, Light beer, Export beer, Special beer, and all other beers.

Description:

Thanks to the enzymatic power this is an obvious choice for base malt. A strong, sweet flavour is the base of this product, while still allowing specialty malts to come through.

Rate:

Up to 100%.

ITEM PACKAGING

25kg bags, bulk, bulk in liner bag in container.

STORAGE AND SHELF LIFE

Store in a temperate, low humidity, pest free environment at temperatures of < 20°C. Improperly stored malts are prone to loss of freshness and flavour. Preground Malts best when used within 6 months from date of manufacture. Whole Kernel Roasted Malts may begin experiencing a slight flavour loss after 24 months.

All our malts are manufactured in strict conformity with the internationally accepted requirements HACCP (Hazard Analysis of Critical Control Points). All our malts conform to EU and International regulations regarding the maximum allowable residues of pesticides, herbicides, fungicides, insecticides, as well as traces of mycotoxins and nitrosamines. All our malts are transported only by GMP-certified transporters.
